

Flying Bombanat Glider

How to Fold your Glider

1. Print out both pages.
2. Place glider image face down.
Fold it in half.
3. Fold the top two corners A to the center fold as shown.
4. Fold points B to the center line.

*Launch gently-
watch him soar!*

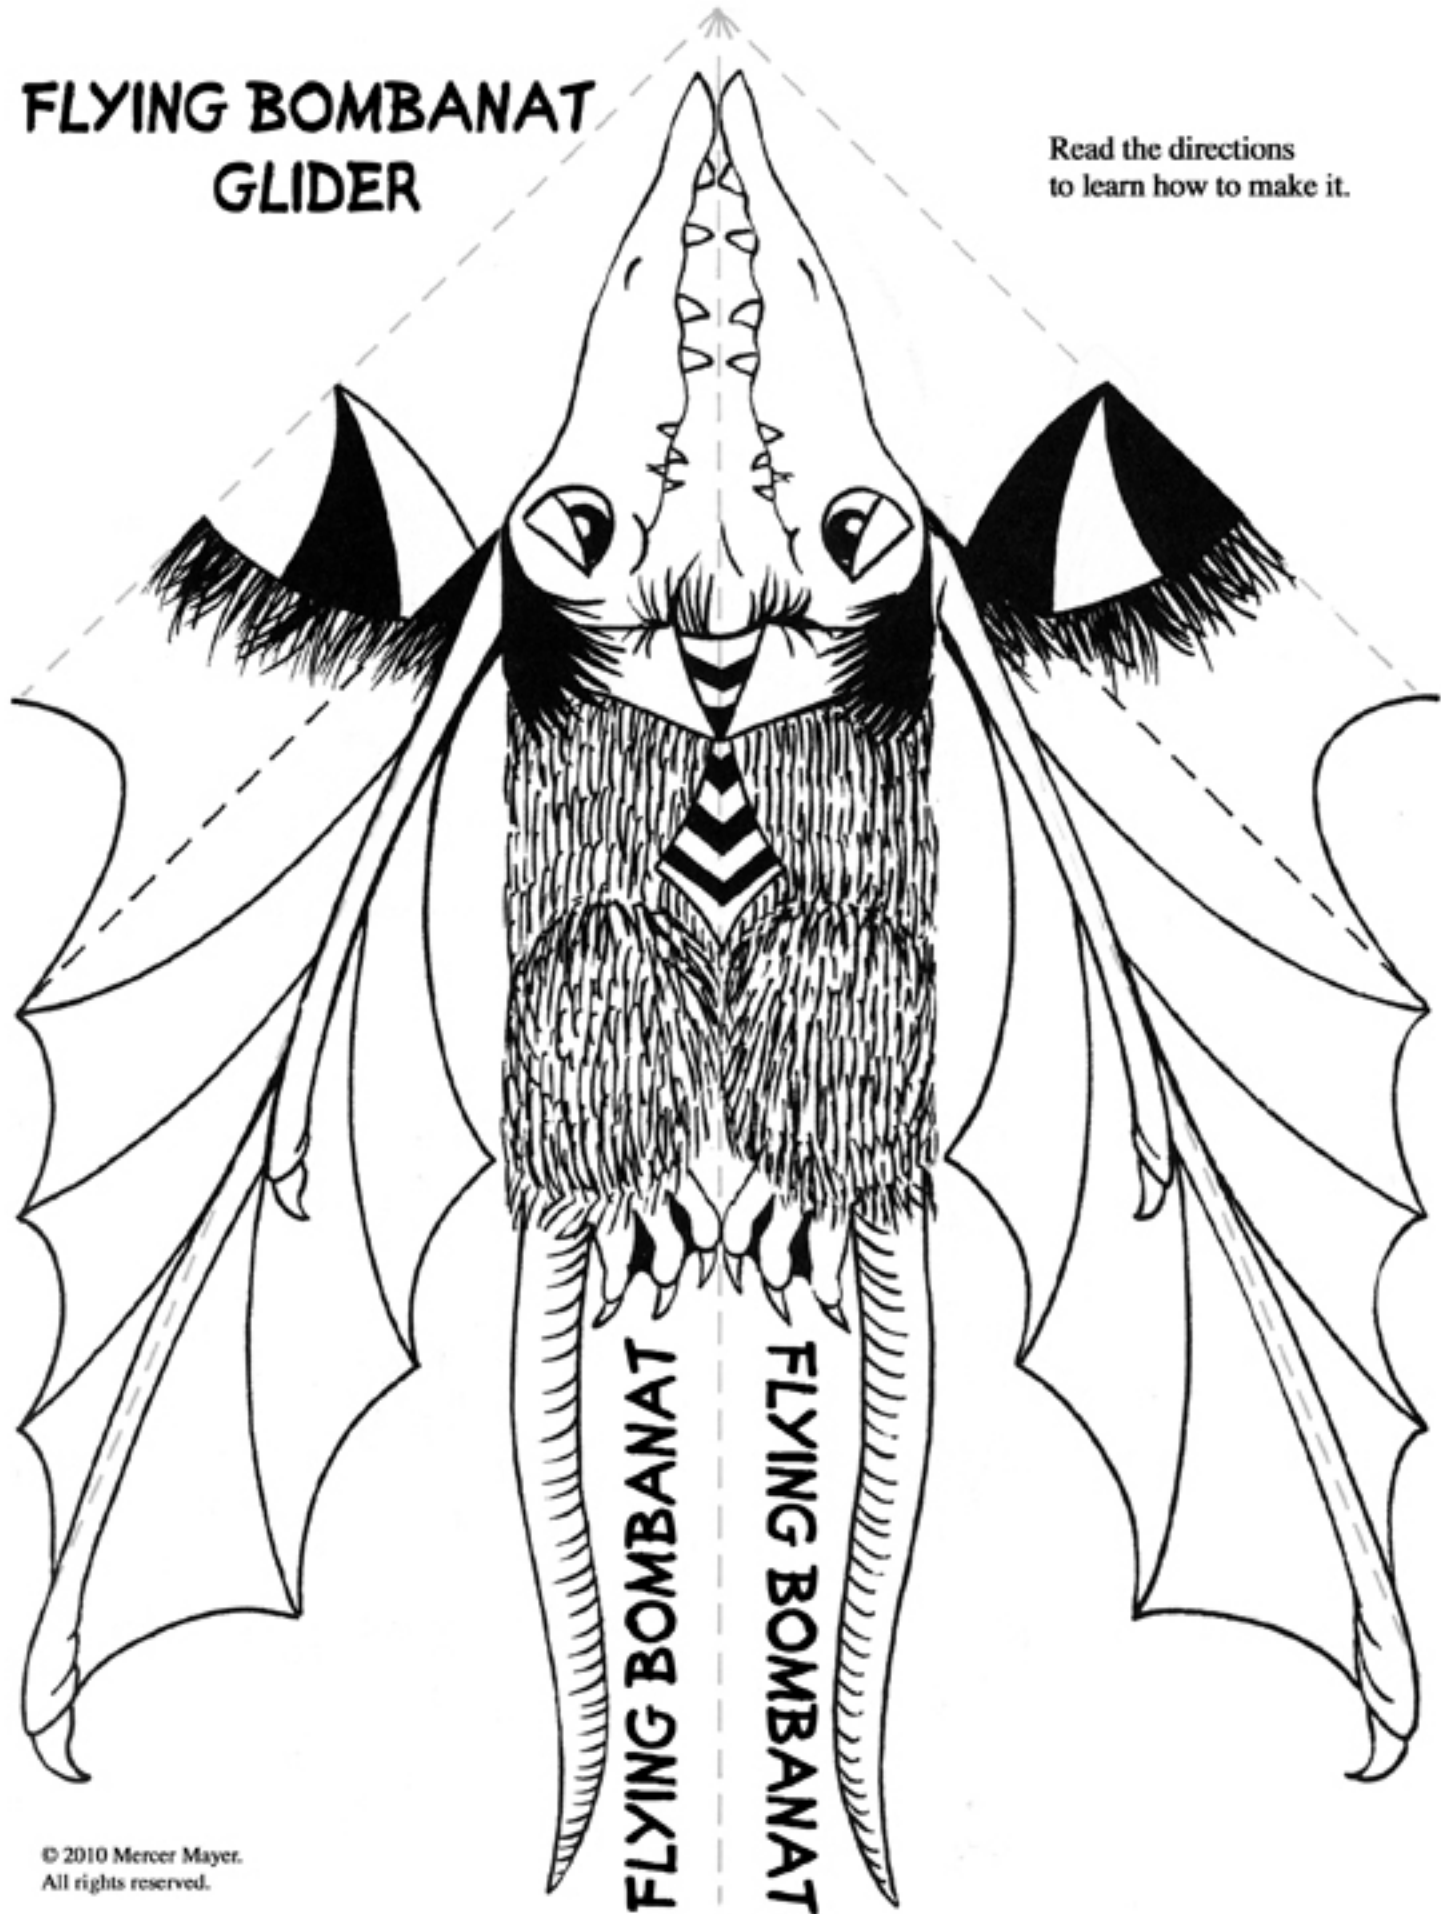

5. Fold the wings back along the inside dotted lines.
6. Tape nose and tape tail.

FLYING BOMBANAT GLIDER

Read the directions
to learn how to make it.

Bombanat Connect-the-Dots

Connect the dots for a picture of a Bombanat in flight.
