

BIG PAW
by Mercer Mayer

When the moon is high and the stars twinkle down,
and you hear something loudstomping on the ground,
better hide real quick so you won't be found,
'cuz Big Paw's comin' tonight.

Big Paw's comin' and he never says please.
Makes you kinda shiver, get weak in the knees.
He's got bad breath and he even has fleas.
Big Paw's comin' tonight!

Big Paw's comin'! He's comin' tonight!
He's big and nasty. He's such a sight.
He could gobble you up and he just might,
'cuz Big Paw's comin'! He's comin' tonight!

Big Paw's comin'! He's stomin' through the trees.
Be real quiet and please don't sneeze.
He's so ugly he can make fire freeze.
Big Paw's comin' tonight!

Big Paw's messy and he's not very neat.
Never takes a bath, never washes his feet.
And what do you think he likes to eat?
He like to eat ... you! That's who!
